## Our Story

From frames for floral masterpieces and staging for delivering memorable speeches, to flooring for those first dances and lighting installations that celebrate significant moments, we love creating bespoke structures for fleshing out your dream events, helping you set just the right scene.

We celebrated an exciting milestone in 2022, with a brand overhaul and a refined logo more reflective of our unique offering and approach. But our heart is still grounded in the legacy that our late-founder, Phi, established at the very start: a can-do attitude; a love of creativity, cooperation, hard work and practical details; and a commitment to our clients from start to finish, to shaping their events from the inside out.

We pride ourselves on building solid, reliable partnerships with our clients, partners and suppliers – so our reputation means everything to us, and good feedback fuels our purpose.
